

# Downtown

## Paddy Casey

Girl I'm glad that you're around  
Even if you are uptown  
I'm downtown, I'm downtown

I know this city gets you down  
But you're too proud to wear a crown  
So come on down, yeah come on down

If you need a place to rest  
Well I will do my very best  
So come lay right down, lay right down

And if you can won't you come and see me
