Two Steps Back

Craig David

Ooh, Craig David, yeah
You know I'm the kind of guy that does nine to five
Working real hard 'cos that's the way I live my life
Back home just me and you girl all alone
With no one interrupting, switch off the phone
But I could be that other guy
Who comes home late night then tells you lies
So why you tripping out on me girl all the time
When every day it's only you that's on my mind, oh
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
You know you're the kind of girl that doesn't need to front
Keep it real, let me know just what you want
Sometimes you just don't know when to stop
You worry so much over nothing you risk losing what you've got
Now can't you see there's no other girl
I think you're the most beautiful woman in this world, yeah
But you say I don't appreciate you and I don't know how to treat you
We don't do the same things we did no more
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Remember it wasn't that long ago
You told me that you loved me so
Don't forget all the nights we shared
When you told me girl just how much you cared
Remember you think I'm being led astray
But thats the way players play

I'm not that kind of man
Why can't you understand
'Cos I want you to trust in me baby girl can't you see
You`re only gonna mess things up
You've done enough why can't you stop cos
You're gonna lose what's good for you
And thats the last thing you wanna do
Won't find another like me, oh
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Every time we take one step forward you take 2 steps back
Every time it's right you bring left back, oh
Girl you really ought to think about it 'cos there's really no doubt about it
You know I've been there for you and that's the truth
Every time in the beginning
