

Time Of Our Lives

Olivia Holt

You're nothin' but trouble
But trouble's what I like
Got our whole life to figure it out
So why start tonight Just take a picture of me
Takin' a picture of you
Makin' the face that makes me laugh
Then you start laughin' too And when the world looks upside down
Just flip the camera the other way around 'Cause this'll be the time of our time of our lives
We're takin' the world by surprise
Hang on it's a crazy ride
Said this'll be the time of our time of our lives
And even when it don't feel right
Know that you're doin' just fine
'Cause this is the time of our lives Do you remember when we danced
In the middle of class
They were starin' we didn't care and
We were havin' a blast
Never sweatin' it just lettin' it flow
Not thinkin' ahead not plannin' it out
Just seein' where we go And when the world looks upside down
Just flip the camera the other way around 'Cause this'll be the time of our time of our lives
We're takin' the world by surprise
Hang on it's a crazy ride
Said this'll be the time of our time of our lives
And even when it don't feel right
Know that you're doin' just fine
'Cause this is the time of our lives These are the days
These are the times
These are the times to have the time of our lives
These are the days
These are the times
These are the times to have the time of our lives 'Cause this'll be the time of our time of our lives
We're takin' the world by surprise
Hang on it's a crazy ride
Said this'll be the time of our time of our lives
And even when it don't feel right
Know that you're doin' just fine
'Cause this is the time of our lives
