

Hurt My Baby

[John Hiatt](#)

No need to be explicit
Anyone can see
Injury was permanent
The wound was really deepDoesnt talk about it much
I listen when she does
And when shes in that distant place
I know its just becauseSomebody hurt my baby
Somebody hurt my girl
Somebody hurt my baby
Somebody hurt, somebody in this mean ol worldShes developed all these nervous ticks
To prove shes still alive
Does ninety down to zero
Back in overdriveHer sleep is just a nightmare state
She really gets no rest
Till someone has come forward
Till one of us confessSomebody hurt my baby
Somebody hurt my girl
Somebody hurt my baby
Somebody hurt, somebody in this mean ol worldSomebody hurt my baby
Somebody hurt my girl
Somebody hurt my baby
Somebody hurt, somebody in this mean ol world
