

Bastard

Hoods

Everyday my dreams slip away
I won't go out without a fight
Everyday my life is taken from me
I won't go out without a fight
Treat me as the bastard
Life is cold, Im so lost
These days drag on
Minutes to years, years that Ive lost
Bastard, bastard
Bastard, the life you gave is the life that you took
Bastard, the life you gave is the life no one deserves
Bastard, bastard
Hey, Maja
Fuck you
Fuck you
Fuck you
