# For a Moment

## The Careful Ones

you were my only love for a moment
you were my only love for a time
wish I could hold you like I used to
oooh, ooohwhen you slow it down i can see you
when you're slowing down in my mind
and i pray to God that i might need you
oooh, ooohooooh, for a moment for a moment
you were minelet me take you away from these cares
unlock the door for my lonesome miles
let me breathe in you golden hair
brush your garment for a while
