Infinity

Infinity Ink

I don't where it started I don't know when it ends
I feel so much pressure that I only get the best
I'm rolling and controlling in your facility that's why everybody calls me Mr. infinity
If you wanna, oh you we are the infinity
And if they wanna, oh they know we know we are the infinity
Hey hey hey
Hey i really wanna tell ya bout my life
Everyday i like to pump and get hyped
Everyone i know they love to get down
Everybody turn it up, and then we'll turn the world around

Oh, you know we are the infinity
Oh, you know we are the infinity
Oh, you know we are the infinity
Oh, you know we are the infinity
Oh, you know we are the infinity
Ohhh

Everybody calls me Mr. infinity
Rocking down don't need your facility
I don't care, i don't mind, i like to leave my fierce behind
I love the titty when the girls make a flow
Everybody better get this flow
Come on lets lose this flow
Here we go, here we go
Moving it up, shaking it up shaking it down
Infinity yeah we got that sound
Moving it up, shaking it up shaking it down
Infinity yeah we got that sound
Moving it up, shaking it up shaking it down
Infinity yeah we got that sound
Moving it up, shaking it up shaking it down
Infinity yeah we got that sound
I don't where it started i don't know when it ends
I feel so much pressure that I only get the best
I'm riching with no effort into the galaxy
That's why everybody calls me Mr. infinity
If you wanna

Oh, you know we are the infinity
Oh, you know we are the infinity
Oh, you know we are the infinity
Oh, you know we are the infinity
Ay ay ay ay ay
