

Gangsta Bop

Akon

Konvict, konvict
Aye, aye, aye, aye, aye, aye
Go gangsta
Aye, aye, aye, aye, aye, aye Go gangsta, keep boppin'
Rock wit me let's get this *** poppin', up front
Go gangsta, keep boppin'
Like back when a *** was clockin' See nowadays seems like everybody wanna be killas
Gorillaz gettin' high off their *** and liquor, you die quicker
Paramedics drive back slow to the hospital
You get pronounced dead before the hospital Stop f***** when you know you won't pull nothin'
First *** to retreat when the tools bust
Playin' with it is bad for your health
For your homeboys are gone, you the last one left now They heart's beatin' but these *** be scared
The real ones are all locked up or dead
Nowadays you can't find a good connect
But if you do you might be the feds so I don't know you, you don't know me
You don't know the history I got on these streets
Only if you see what my eyes have seen
Then you'll understand why I'm surrounded by G's If you owe me or we got beef
I recommend you reach for your heat and don't freeze
Pause for a minute guaranteed you gonna bleed
'Cause that's how we was raised growin' up in these streets Go gangsta, keep boppin'
Rock with me let's get this *** boppin'
Go gangsta, keep boppin'
Like back when a ***, was clockin' See it's hard gettin' good easy to do evil
And I ain't really into meetin' wit new people
Just put the money in the bag and I'll leave you
Then we [Incomprehensible] You make a hundred dollars to the streets you made a G
When you coppin' *** they swearin' you move ***
Feds gettin' close and the rats in the G's
And they tryin' to find those birds not the ones that sleep in trees We got that bird, we got that blue
You want short skirts? We got that too
Whatever you need my ***, show me the cheese
And baby you can believe that we can make that true I don't know you, you don't know me
You don't know the history I got on these streets
Only if you see what my eyes have seen
Then you'll understand why I'm surrounded by G's If you owe me or we got beef
I recommend you reach for your heat and don't freeze
Pause for a minute guaranteed you gonna bleed

'Cause that's how we was raised growin' up in these streets
Go gangsta, keep boppin'
Rock with me, let's get this *** boppin'
Go gangsta, keep boppin'
Like back when a *** was clockin'
Streets been watchin' and they don't blink
Sidewalk got ears, the pavement don't sleep
The fittest will survive, the weak just don't eat
Everybody in between just gettin' a rap sheet
The streets been watchin' and they don't blink
Sidewalk got ears, the pavement don't sleep
The fittest will survive, the weak just don't eat
Everybody in between just gettin' a rap sheet
I don't know you, you don't know me
You don't know the history I got on these streets
Only if you see what my eyes have seen
Then you'll understand why I'm surrounded by G's
If you owe me or we got beef
I recommend you reach for your heat and don't freeze
Pause for a minute guaranteed you gonna bleed
'Cause that's how we was raised growin' up in these streets
Go gangsta, keep boppin'
Rock with me, let's get this *** boppin'
Go gangsta, keep boppin'
Like back when a *** was clockin'
Go gangsta, keep boppin'
Rock with me, let's get this *** boppin'
Go gangsta, keep boppin'
Like back when a *** was clockin'
See it's hard gettin' good, easy to do evil
And I ain't really into meetin' wit new people
(Go gangsta) See it's hard gettin' good, easy to do evil
(Go gangsta)
And I ain't really into meetin' wit new people
See it's hard gettin' good, easy to do evil
(Go gangsta)
And I ain't really into meetin' wit new people
