You Were The One

Shanice

I know things don't last forever
But I thought that you were true
I guess, I've been mistaken
'Cause our love is done and through
It hurts me 'cause I know I was true to you
And I'm sorry for whatever I've done to you
Ooh baby, you were the one for me
Baby, can't you see you shouldn't have set me free
And, oh, why did you let me go, I thought our love could grow
You know I loved you so, you were the one
I don't know why you left me
All I know is that you're gone
I wish, I could change your feelings
But I guess my life goes on
It hurts me 'cause I thought you'd always be there
But what I see you really didn't care
Love is so unfair 'cause I thought
Ooh baby, you were the one for me
Baby, can't you see you shouldn't have set me free
And, oh, why did you let me go, I thought our love could grow
You know I loved you so, you were the one
I know it's hard for you to see
How much you meant to me
And if it's really meant to be
Then you'll come back
If loving you is still a possibility
When you return I'll be there for you
'Cause in my heart I'll always love you
Ooh baby, you were the one for me
Baby, can't you see you shouldn't have set me free
And, oh, why did you let me go, I thought our love could grow
You know I loved you so, you were the one
I'm gonna miss you, baby
I know you're gonna miss me too
'Cause you know, you were the one
