"Gravity Of Love"

Enigma

Turn around, I can smell what you don't see
Close your eyes, it's so clear
Here's the mirror, behind there is a screen
On both ways you can get inDon't think twice before, you listen to your heart
Follow the trace for a new startWhat you need and everything you'll feel
Is just a question of the deal
In the eye of storm you'll see a lonely dove
The experience of survival is the key
To the gravity of loveThe path of excess leads
To the tower of wisdom
The path of excess leads
To the tower of wisdomTry to think about it
That's the chance to live your life
And discover what it is
What's the gravity of loveLook around just people
Can you hear their voice?
Find the one who'll guide you
To the limits of your choiceBut if you're in the eye of storm
Just think of the lonely dove
The experience of survival is the key
To the gravity of love, love
