Mother's Daughter

Tunng

Young girl stuck to the water
Time will tell if you're your mother's daughter
Stone boat adrift on the ocean
Rows for the shore with the devil's devotion
Red girl picture was broken
Stand in the glass the angel's in motion
White swan watch with a wry smile
Raise up your wings for the wind and the last mile
Young girl stuck to the water
Time will tell if you're your mother's daughter
