

Angel Eyes

Emmylou Harris

(Rodney Crowell)

Angel eyes, angel eyes

The ways of the world are feeble

Don't give up on simple people

Angel eyes.....

The blues you can live without It's not what you song's about

Angel eyes, angel eyes

Tell me what would we do without

No light from angel eyes

You can move the hearts of men

Just with a phrase you're turning

Since hearts ever have been yearning.....

and so alone

Thin lines you've been living on

Are so close to the danger zone
