

# Top of the World

Stephen Walking

For a time I thought my faith, it must be hiding  
Searching through the sky, hoping to find a way  
A way, to get me through the day  
When where I belong, is this where I should stay?

You lift me up when I am fallin'  
You're my friend when I was callin'

Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'

Now I'm on top of the world  
Top of the whole wide world

There's a strength in me, it seems I have forgotten  
Now I realize today, I'm starting to dream again

Again, was a matter of when  
I guess we all lose our way now and then

You lift me up when I am fallin'  
You're my friend when I was callin'

Now I'm on top of the world  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'

Now I'm on top of the world  
Top of the whole wide world

You lift me up when I was fallin'  
You lift me up when I was fallin'

You lift me up when I am fallin'  
You're my friend when I was callin'

Now I'm on top of the world  
Top of the whole wide world

Yeah, you always been believin'  
Give my life a whole new meanin'

Now I'm on top of the world  
Top of the whole wide world

Yeah, you always been believin'  
Give my life a whole new meanin'

Now I'm on top of the world  
Top of the whole wide world

Always been believin'

Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world  
Yeah  
Top of the whole wide world  
Yeah, you always been believin'  
Give my life a whole new meanin'  
Now I'm on top of the world  
Top of the whole wide world
