

Rescue Plan

[Charlotte Hatherley](#)

Find a book unopened, write my resolutions
A rescue plan is all I need, to guarantee a change in me
All these things you think you are
A little charm can only get so far
Oh yeah fakes we're on to you
So unexcited by the things you do
Not afraid that I will fall, I have more potential
A rescue plan is all I need, and you will see a change in me
All these things you think you are
A little charm can only get so far
Oh yeah fakes we're on to you
So unexcited by the things you do
If I could find my way
I would never go back to you
If I could find my way
I would never go back to you
If I could find my way
I would never go back to you
If I could find my way
I would never go back to you
If I could find my way
I would never go back to you
