Still Here Waiting

Eve 6

Lay off the coffee & the kofta & the coughing
Lay off the means to the ends
And mean what you say more often
Lay off the, laying off the smiling, the trying
Lay in me, lay on me, lay on me
It's another day the way things go

It's gonna go around again I know it
I'm still here waiting for you
Lay off the moaning, & the groaning & the stonings
Lay off the couch & all the cindescendry things
Lay off the, laying off the
