

# Cactus Practice

## Tori Amos

Tori:

Maybe he and I

Anabelle:

Are like a pair of suns

That are captured

Tori:

Maybe he and I are like a pair of suns

That are captured

Anabelle:

Eternally linked into chasing

Each other's spin

Tori:

Eternally linked into chasing

Each other's spin

Bound by beliefs

Anabelle:

That have become steel cords

Tori:

Why the disharmony?

Let's resynch my world

With a harmonic defiance I'll face this

Anabelle:

I'd like to induct you into

The drink of the cactus practice

Cactus

Tori:

Cactus

Anabelle:

Practice

Tori:

Will you induct me into

The drink of the cactus practice?

Cactus

Anabelle:

Cactus

Tori:

Practice

Are you saying I'm

Anabelle:

Reactive but I can work with a doll face

Tori:

Every couple has their version of what they call the truth

Every couple has their version of what they call the truth

Call all that lies

Anabelle:

Beneath both stories

Tori:

Back to my fire

Anabelle:

Embrace what you find

Tori:

With a harmonic defiance I'll face this

Anabelle:

It's time to induct you into

The drink of the cactus practice

Tori:

Cactus

Anabelle:

Cactus

Tori:

Practice

Anabelle:

I'd like to induct you into

The drink of the cactus practice

Tori:

Cactus

Anabelle:

Cactus

Tori:

Practice

Will you induct me into

The drink of the cactus practice?

Cactus
