

I Choose You

Rebecca Ferguson

What rules you makes you happy
But your love will be your guide
 What you desire
 Becomes your fire
 To keep you burning
 Constant yearning
 When I decide
To leave my prideChorus:
 I choose you
 I choose happiness
 I choose being myself
 Despite everything else
I choose you, I choose you
I choose youI can make new plans
 Leave this strange land
 So I can be near you
 So my love can feel you
 Don't want no confusion
 Want you to know
 I'm always here
You're worth the weight in gold
Despite the lies I toldChorus:
 I choose you
 I choose happiness
 I choose being myself
 Despite everything else
I choose you, I choose you
 I choose you
(repeat chorus)I choose you
 I choose you
 I choose you
 I choose youHook:
 And I been trying, boy
It seems like I no longer cared
Dreams don't last forever baby
 But my pride is gone
My pride is goneAnd I choose you
 I choose happiness
 I choose being myself

Despite everything elseChorus:

I choose you

I choose happiness

I choose being myself

Despite everything else

(repeat chorus)I choose you

I choose you

I choose you

I choose youCause I been trying hard

Though it seemed I no longer cared

I choose you, you

You, I choose you
