

Love Like This (feat. Jah Maoli)

Kaipo Kapua

Never find a love like this (my baby)
Where her heart you can't (my baby) resist
With love so honest
Consider this my promise
Consider this my promise
Let's forget what the people say
'Cause I'm trying to show you everything
How much my heart really loves to sing
It's like you bring out this melody in me
Let's put a stop to this world of confusion
Trust girl your problems now wants solutions
Putting a stop to all of the abusing
Trust in your heart 'cause I'm the one you choosing
Never find a love like this (my baby)
Where a heart you can't resist (my baby)
With love so honest
Consider this my promise
Consider this my promise
Never find a love like this (my baby)
Where her heart you can't resist (my baby)
With love so honest
Consider this my promise
Consider this my promise
Yo, yo, yo
Everything that I be longing for
And when the people be asking who this song is for
I simply reply, after staring in your eyes
Or sometimes I'm truly blessed to say that it's you
Did I forget to mention that you're heaven sent
You got me finding myself in a predicament
To where it seems like the only missing
Baby, it's your loving and kissing
Never find a love like this (my baby)
Where her heart you can't resist (my baby)
With love so honest
Consider this my promise
Consider this my promise
Never find a love like this (my baby)
Where her heart you can't resist (my baby)

With love so honest
Consider this my promise
Consider this my promise
