

# Six Cold Feet In The Ground

**Hugh Laurie**

Just remember me darling  
When I'm in six feet of cold cold ground  
Just remember me darling  
When I'm in six feet of cold cold ground  
Always think of me darling  
Say yeah there's another good man gone down  
Don't cry baby, baby after I'm gone  
Don't cry baby, don't cry after I'm gone

I've left the good man love you  
And I ain't done nothing wrong  
Just lay my body, lay my body in six cold feet of ground  
Just lay my body in six cold feet of ground  
While I will be the loser, when that deal goes down  
Remember me baby, when I'm in six feet of cold cold ground  
Remember me baby, when I'm in six feet of cold cold ground  
Always think of me baby, say yeah there's another good man gone down
