

# Deer Stop

## Goldfrapp

And I long to go  
Love started here  
Shoot your stars  
Pure like a star Don't you come  
Deer stop bottle in a shell  
Shoot your thousand stars over me Shoot the star  
Shoot the star to be  
Love to come home  
You've arrested me now Say my name  
Whisper it, don't ever turn  
I'm deliciously wired  
I'm falling in a cloud
