

Quetzalcōatl

Tino Contreras

One day in Maya calendar
The Winter Solstice is open
Like a gate to the Plumed Serpent
For the Maya and the Toltec he return
Sol volver, en la costa vimos su luz
Quetzalcoatl, oh Señor del Sol
Ride on Quetzalcoatl and you will reach another day
When Capricorn will change the world
Enter into 2012
Ancient forecast of the Maya will be true
Sol volver, en la costa vimos su luz
Quetzalcoatl, oh Señor del Sol
