

Say Goodbye

Throwing Muses

I brought this bottle here for you
Can't you drink it?
I brought this bottle here for you
Can't you drink it? Can't you drink it? I brought this body here for you
Don't you want it?
I brought this body here for you
Don't you want it? Don't you want it? Say goodbye
Kick her legs, kick her down
Say goodbye
Kick her legs, kick her down I bought this pocketknife for you
Don't you use it?
I bought this ball and chain for you
Don't you wear it? Don't you wear it?
