Lady

it's easy
he will say good-bye.
It's a hard time for lovers and a broken dream to youLet me stay together
my love
foreverI never wanna
wanna feeling blue.By me: S-s-s-soul survivor
oh
come on
take me higherDon't let me down
oh
it's just too late
girl.
S-s-s-soul survivor
it's like a burning fireHe pulls the strings of my deep emotionsTonight
the night
it's alnght.Nothing
lady
hurts forever
stop youF lipstick liesHe will spend the nights together just with me
don't try'Cause my love is so precious
love will never be the sameAnd I'm never lonely
'cause he's the onlyI never wanna
wanna play a game.Be my: S-s-s-soul survivor
oh
come on
take me higher
. . .It's the night
it's the night
yeah
he'll win my heartIt's the night of my burning dream.
Secret love
