

Person To Person

[John Campbell](#)

Don't send me no kind of letter,
I don't want you calling on the telephone,
Please don't send me no kind of letter baby,
I don't want you calling on the telephon.
I Want you person to person,
Get your fine self on back home.

Don't you bother telephoning,
I can't love no telephone.
The time you used for phoning,
You could have used that time comin' home.
I Want you person to person,
Get your fine self on back home.

Well I don't want no kind of letter,
I can't hold no paper tight
There ain't no kind of message
Gonna sit up and talk to me all night.
I Want you person to person,
Get your fine self on back home.

Ah, lemme make a call ...
I hear it ringing ...
Kind a sounds like station to station ...
I want person to person ...
Get me the connection
I want you person to person, baby,
Get your fine self on back home
