

Outside

David Bowie

And now
Not tomorrow
Yesterday
Not tomorrowIt happens today
The damage today
They fall on today
They beat on the outside
And Ill stand by youNow not tomorrow
Its happening now
Not tomorrow
Its happening nowThe crazed in the hot zone
The mental and divas hands
The feasting of life
To the music outside
To the music outsideIt happens outside
The music is outside
Its happening outside
The music is outside
Its happeningNow, not tomorrow
Yesterday
Not tomorrowThe music is outside
Its happening outside
The music is outside
The music is outsideOutside
Outside
Outside
