

Walk Me Down the Middle

The Band Perry

I was meant to be by your side
And I have waited here a long time
For you to turn around and notice me
But now you're here holding hands with me
Walk me down the middle of the county fair
Walk me down the middle like you don't care
Walk me by the ferris wheel
And make sure she sees
Let the whole world know you belong to me
I heard about your bitter end
About how she stole your heart and put it back again
Well I may not be the prettiest girl around
But I sure am a sight for sore, sore eyes
Walk me down the middle of Main Street
Walk me down where the whole town will be
I don't need no parade
But make sure that she sees
Let the whole world know you belong to me
I'd walk through fire for you
Walk through barbed wire for you
I'd walk for miles, it's true
Just to be with you
If you walk me down the middle of my momma's church
Walk me down that aisle in your finest shirt
Let the whole world know you will
Walk me down the middle of the county fair
Walk me down the middle like you don't care
Walk me by the ferris wheel
And make sure they all see
Let the whole world know you belong to me
You belong to me
