Beast Inside

Zabocus

If I come home early
If I come home late
You always want to hang me
For the trust I didn't

Damned if I do and I'm
Damned if I don't
The truth should always work
But with you I know it won't

Prechorus:
If you accuse an innocent man
Enough times,
Sooner or later he's gonna
Want to do the crime

Chorus:
You've unleashed the beast inside
Everything you feared
You brought into your life
Reared his ugly head
No need for him to hide
You unleashed the beast inside

I fought against temptation
I pushed my urge aside
But every man has a shadow self
Wherein the beast resides
Normally he's shackled
Walled up deep inside
But clearly it's your jealousy
That brought that beast to life

[Prechorus]
[Chorus]
