

# Take Me Back To Then

**Bobby Caldwell**

When I was young, I used to play  
On the sand by the bay  
What I've got now I'd give it all away  
Just to have some funLife was all, I had a ship  
And sailed it to the end  
Why can't I go there again?Take me back to then  
When life was mellow  
Where we had golden sunTake me back, I said  
I can't continue  
With the world I'm in, ohPlaying in the park  
Every afternoon  
I've grown old, far too soonSomeone please tell me why  
I can't be made to see  
What good's left in my life  
Is this the end of me?There's a tear for all the dreams  
That I left behind  
They'll always be on my mindTake me back to then  
When life was mellow  
Where we had golden sunTake me back, I said  
I can't continue  
With the world I'm inTake me back to then  
When life was mellow  
Where we had golden sunTake me back, I said  
I can't continue  
With the world I'm in
