

# My Heart

Neil Young

Down in the valley, the shepherd sees his flock is close at hand  
And in the night sky, a star is falling down from someone's hand  
Somewhere, somewhere, I gotta get somewhere  
It's not too late, it's not too late, I've got to get somewhere  
This time I will take the lead somehow  
This time you won't have to show me how  
When dreams come crashing down like trees  
I don't know what love can do  
When life is hanging in the breeze  
I don't know what love can do  
My heart, my heart, I've got to keep my heart  
It's not too late, it's not too late I've got to keep my heart  
My love, I will give to you, it's true  
Although I'm not sure what love can do  
Somewhere, somewhere, I've got to get somewhere  
It's not too late, it's not too late, I've got to get somewhere  
Somewhere, someone has a dream come true  
Somehow, someone has a dream come true
