Baby, Baby, Baby, Don't

Brave Combo

You always try to make me do things
I don't want to do.
You try to take advantage of me
'cause I love you.
You hold me tight, with all your might
Until I quiver
You always try to make me do things
I don't want to do.
Baby, baby, baby don't
Baby, baby, baby don'tYou charm me with your beautiful words
And I surrender
Then you overpower me
'cause my desire makes me weak
Don't you understand when I'm with you
I have no conscience
It's your responsibility
You can't count on me.Baby, baby.....
