

# Baby, Baby, Baby, Don't

## Brave Combo

You always try to make me do things  
I don't want to do.  
You try to take advantage of me  
'cause I love you.  
You hold me tight, with all your might  
Until I quiver  
You always try to make me do things  
I don't want to do.  
Baby, baby, baby don't  
Baby, baby, baby don't  
You charm me with your beautiful words  
And I surrender  
Then you overpower me  
'cause my desire makes me weak  
Don't you understand when I'm with you  
I have no conscience  
It's your responsibility  
You can't count on me.Baby, baby.....
