

Meet Me in the Vineyard

Chris Pierce

Meet me in the vineyard
where we'll dance
under the moon
leave our tears in the vines
leave the hustle of life behind
Darling meet me in the vineyard tonight

Meet me in the vineyard
where we'll find
we'll find our love again
We'll make love on the hill
where the windmill stands still
Darling meet me in the vineyard tonight

Don't you worry
I'll take a leap
and if I lose my way
I know you'll guide me

Don't you worry
Now is the time
that we'll let it go and
leave it all behind

Oh darlin, Darlin
Meet me in the vineyard
Where we'll dance
we'll dance under the moon
we'll leave our tears in the vines
we'll leave the hustle of life
we'll leave it all behind
Darling meet me in the vineyard
Meet me in the vineyard
ohh Meet me in the vineyard
tonight

Under the moon
oh just me and you
in the vineyard
tonight

darling

sugar

honey

lover

Meet me in the vineyard tonight
tonight
