# Switch Up

## Pretty Lights

Kill it, kill iAnnotatet, kill it, kill it
I look up, I say I think it's time to kill it
Bitch I'm sexy as fuck, you ain't even gotta tell me
I ride around to Pac, I fuck my girl to R. Kelly
I tell her make me a sandwich, no PB & Jelly
She look back like "Goddamn, what you think this? A deli?"
I'm screaming "Hell yeah trick, Hell yeah ho"
That shit make her love me more, and she know I love her too
She know I been to hell and through, I need what Reverends do
Power of the revenue got me a 2 to 10 and a 10 to 2
I gotta shine boy I be a star, on fire that's a meteor
So I'm either or on TV with a Rita Ora set your DVR
Stacking money face to face what that mean CPR
Everyday the day date, gangbang major pain
D-Town I ride around me and my dog like Charlie Brown
Just trying to get that white money you know, countin' cake and KK's
On a day to day base, then vacay for eight days
You know muthafuck taking a vacation
Put palm trees up in my house and have a stay-cation
Getting paid while I'm chilling that's a paid-cation
Full glass of champagne, Oh no, you can't taste it
I seen cars (switch up)
Seen Hoes (switch up)
Seen Money all switch up
When the days get dimmer
Who gone leave you there and who gon leave with ya
This is for the ones that's always riding with ya ain't switched
I ain't switch up naw naw I ain't switched up
Same me naw naw I ain't
Switch up
Same team naw naw I ain't switched up
I think it's time to kill it
Kill it, kill it, kill it, kill it
Kill it, kill it, kill it, kill it
Kill it, kill it, kill it, kill it
I said I think its time to kill it
Bought a Cadillac, now I?m Cadillac Com
She ride alright, when I'm riding right, Put Cadillac on that lawn
Might even let her meet Ye, might even let her meet Sean

Might even let her meet Push, she never meet my Mom
Chi Town is my town, I ride around like I'm lying down
Southside my eyes down, I'm the shit y'all fly around(Oww)

I?m in my mode today, sayin what the fuck I?m ?posed to say
Moving making money, got them trashbags back
Smoke Chibahs with leaders, Pussy sweet and I'll eat her
Got strippers and Divas, Plus some Cougars and Cheetahs
Oh you with GOOD, put me on like Benita
I said ease up, ease up, ease up
Ain?t anybody fucking with my clique
And all these bad bitches man, they want the
All I care bouts my crew, my family and women
Except these women that?s hoing, and these hoes that be stealing
Trying to get them a cut, that?s how you end up with stitches
I tell a bitch quit playing, and play ya position
Either move or get devoured, fuck a coward
I be fresher than these motherfuckers head to toe
If I rocked Eddie Bauer, but I dont
Aura Gold, everything I do I do it overboard Michael Phelps splash,
Smile for the polaroid, self-employed
Now you shelf employed, D-Boy
Never sold, but I still got more lines than corduroy
And I'm with the same crew til I'm an old man
Cause there no such thing as new old friends
I seen cars (switch up)
Seen Hoes (switch up)
Seen Money all switch up
When the days get dimmer
Who gone leave you there and who gon leave with ya
This is for the ones that's always riding with ya ain't switched
I ain't switch up naw naw I ain't switched up
Same me naw naw I ain't
Switch up
Same team naw naw I ain't switched up
I think it's time to kill it
Kill it, kill it, kill it, kill it
Kill it, kill it, kill it, kill it
Kill it, kill it, kill it, kill it
I said I think its time to kill it
Rollin' with the same team I ain't switched shit
Rollin' with the same team I ain't switched shit
I'm with the same OGs
The same old team,and you know my team
Ain't switched
