

# Hang On

**Michael W. Smith**

Let the tempest and the flood  
Shake your soul and spill your blood  
Like an old song keep holdin' on  
Let the people laugh at you  
Call you names and say you're through  
Never let go, keep hangin' on  
Hang on, hang on, can you hear me?  
I'm gonna say it again  
Hang on, hang on, never giving up  
No, never giving in

Hang on every hopeful word  
Even when it seems absurd  
Keep holdin' on  
If you triumph when you fail  
Keep your head when you prevail  
Be a hero, keep hangin' around  
Hang on, hang on, are you listening?  
Let me say it again  
Hang on, hang on, never giving up  
No, never giving in
