

Chasing Hearts (feat. Tyler Carter)

Breathe Carolina

Chasing
Eh
Eh yeah
Yeah, eh I'm down on my luck
So I'm down for too much
Would ya come a little closer when we post up
Make the most of this rush
Minds racing, eyes blurry
Your body's shaking, no worries
Are you down on your luck yeah?
Are you down for this much? I open a bottle of champagne and pass it to you
You need a man to ease your mind and loving on you
Baby girl you feel alone?
Sit up and let it go Hoo hoo ho ooh
Me and my crew
Staying out late, sit inside and wait but most days
You can find us kicking it low key here
Hoo hoo ho ooh
Me and my crew
Living so fast and so hard
Chasing hearts Said it's our ways (girl)
Said it's our ways (oh yeah chasing)
Said it's our ways (hearts)
Kicking it low key, most days Down on my luck
'Cause I've been living too much
There's nowhere that I'd rather be
Than post up making slow love with you My mind's racing, eyes are blurry
Bacardi chasin', no worries
And I don't wanna give it up
But I'm out of touch with you
Being down for so much I open a bottle, there's no pain and nothing on you
You need a man to ease your mind I'm loving on you
Baby girl you feel alone?
Just turn up and let it go Hoo hoo ho ooh
Me and my crew
Staying out late, sit inside and wait but most days
You can find us kicking it low key here
Hoo hoo ho ooh
Me and my crew

Living so fast and so hard
Chasing hearts Said it's our ways (girl)
Said it's our ways (chasing)
Said it's our ways (hearts)
Kicking it low key, most days It's hard to find something new
Trying to find the love in you
Oh oh, oh oh
Champagne (chasing)
No pain (you can)
Trust me, oh, oh Oh, oh
yea yea
me and my crew
Just turn up and let it go! Hoo hoo ho ooh
Me and my crew
Staying out late, sit inside and wait but most days
You can find us kicking it low key here
Hoo hoo ho ooh
Me and my crew
Living so fast and so hard
Chasing hearts Said it's our ways (chasing hearts)
Said it's our ways (chasing hearts)
Said it's our ways
Kicking it low key, most days
