

If You Love Me

[Benzel](#)

Wish I could tell by the look in your eyes (where I stand) Wish you would say what I'm needing to hear (you want me) Wish I could tell what you're feeling inside (but I can't) Give me a sign that would make it all clear (just show me) Don't leave my heart out here on the line If you love me let me know So all of me can just let go You can have me heart and soul You let me think that I don't have a chance (none at all) If you love me..then just let me know You turn away when I capture your glance (should I fall) And I don't know what I should believe And then you say you've been dreamin' of me (am I right) I wanna be there in your dreams [CHORUS] I wanna give you what you need You gotta show me tthat you want it as much as I do Don't leave my heart out here on the line Wish I could tell by the look in your eyes [CHORUS]
