

# Darkness at Noon

[ALA.NI](#)

We agreed to end this love affair  
To erase ever word that you said  
That set me free  
We agreed to part in harmony  
But I think I may live to regret being cooperative Though I can't see no moon  
Darkness at noon  
And will the sun shine soon  
Darkness at noon  
I gave you my loving and I rose like the rising sun  
And now I feel nothing  
For without you, there is no love  
Oh, my heart shines bright for you  
Through darkness at noon We agreed that it's just no use in loving me  
We agreed to never meet again  
We agreed a life of misery, misery, oh, misery And I can't see no moon  
Darkness at noon  
I gave you my loving and I rose like the rising sun  
And now I feel nothing  
For without you, there is no love  
Oh, my heart shines bright for you  
Through darkness at noon
