Prism Of You

Daysend

My life's been holding it's weight
Beneath a blackened sky
So hard I've worked just for
the dreams to pass me by
Now when the time is right
for me to win this fight
You come along with all your
bells and whistlesHead... I'm in above my head for youIt's way too early or late
But never comes in time
Is this the hell I get for
all my other crime?
No matter how I try, I can't
look in your eye
I need to turn away before
this fills meHead...
I'm in above my head for you
Head...
I'm in above my head for good
