Wall of Sound

Firewind

They took it all, Wanted more from me
My resistance it's all I need
Painted faces, deffective swine
No accusations, it's a free rideWe are the wall of sound, Yeah Yeah Yeah
We'll reach the higher ground
Carve your name on the tickest stone
It'll remind them of who you areIn the maze of imagination
Can you feel my wall of sound?
In the maze of imagination
Can you feel my wall of sound?Wavin' flags, one spoken voice
Elusive conflict, revolution time
No detour for hypocrites
Prepare the battle, face to faceCarve your name on the tickest stone
It'll remind them of who you areIn the maze of imagination
Can you feel my wall of sound?
In the maze of imagination
Can you feel my wall of sound?
Wall of sound, we are the wall of sound
Wall of soundIn the maze of imagination
Can you feel my wall of sound?
In the maze of imagination
Can you feel my wall of sound?
Wall of sound, we are the wall of sound
Wall of sound
