

Who Do You Think You Are

Duran Duran

I'm giving you the news
Your domination's through
You gave the best you've got
Now, I'm out on top If you're in any doubt listen to me
I've got a right to say
If you know what it's all about
Who do you think you are? Don't wanna be your enemy
If I'm not the one you want me to be
And I've gotta do things
The way that I do Always trying to control
Who do you think you are? Our time on earth is running through
(It's not a question of my pride)
Sometimes I bring it again to you
(Ever wonder how I feel inside?) And sometimes I play along
But man I've got a mind You've gotta live with yourself
For the rest of your life, do you understand?
Everybody asks that type of question
Who do you think you are? Why do you feel ashamed
When you can't explain
There are things I say to other people It's just occurred to me, a possibility
The thought that you might
Really want to be me
