U Don't Need 2 Know

Elise Estrada

Oh oh
Na na - na - na nana na na na
Na na - na - na nana na na na
U Don't Need 2 KnowPulling out those sexy heels
Gettin' ready to stop traffic
Tonight I'm gonna close the deal
Everything looking super slickGot the lipstick extra luscious
A girl's gotta have her tricks
Got the curves right, so damn tight
And you don't need to know how I did tonight
'Cause some secrets are just between us girls
Shhh!You don't need to know I wear a push up
You don't need to know these are contacts
You don't need to know I color my hair
You don't need to know they ain't mine
You don't need to know I got on booty pads
You don't need to know about all the cover up
You don't need to know it ain't all my hair
You don't need to know they ain't minePuttin' on that tiny skirt
The one that makes your forget your name
Don't care that it's so small it hurts
'Cause I'm in it to win this gameGot the lipstick extra luscious
A girl's gotta have her tricks
Got the curves right, so damn tight
And you don't need to know how I did tonight
'Cause some secrets are just between us girls
Shhh!You don't need to know I wear a push up
You don't need to know these are contacts
You don't need to know I color my hair
You don't need to know they ain't mine
You don't need to know I got on booty pads
You don't need to know about all the cover up
You don't need to know it ain't all my hair
You don't need to know they ain't mineOh oh
