

# Walk On (with Louisiana Red & Lightnin' Hopkins)

## Sonny Terry & Brownie McGhee

Walk on, walk on, walk on, I walk on

I'm gonna keep on walkin', till I find my way back home Well, you might get worried, when your shoes get  
bend

You don't know where you goin', but you do know where you been I see so many people happy, I can't get used  
to happiness

Maybe it is true, happiness is not for me, I guess Well, the world is too high, highways are too long  
No need of us bein' together, we can't get along One more time, now, I'm gonna keep on walkin', till I find my  
way back home

Walk a little further, one more time, now,  
I'm gonna keep on walkin', till I find my way back home

Let's walk together, now,

I'm gonna keep on walkin', till I find my way back home

Hey, walk on
