Shame

Blutengel

Seems like yesterday,
where you went out of the door.
Seems that you ran away,
from the fear inside your heart.
You closed your fragile eyes,
you cannot see the tears I cry.
Oh you.
I never realized,
that everything has gone to end.
I try to understand,
why's that worn inside your heart.
You hurt me deep inside,
I cannot see the truth you hide.
From me.Shame, within your eyes.
Reminds me why I'm here.
Your words can bring me down,
cause you will never feel what I felt.
Pain inside my soul, reminds me what you've done.
The world is standing still,
cause you will never see, what I see.
Cause you will never feel, what I feel.
Cause you will never see, what I see.I should be strong enough, but I'm weaker then before.
I will be free one day, when you let go my heart of bless.
I hope that it won't break, cause it's not yet the time for me,
to die.
I leave the past behind, I don't look back on all my dreams.
And now I understand, why's that worn inside your heart.
The pain is blown away and now I see the truth you hide,
from me.I see this loyalty in you.
Can smell the perfume on the trail.
I'm feeling bad, my soul is bruised.
I feel this honesty in you, I never thought that this is true.
But now I know what love can do.Shame, within your eyes.
Reminds me why I'm here.
Your words can bring me down,
cause you will never feel what I felt.
Pain inside my soul, reminds me what you've done.
The world is standing still,
cause you will never see, what I see.Cause you will never see, what I see.
