

Masters Apprentices

Opeth

There is a voice calling for me
There is a light coming down on me
There is a doubt that is clearing
There is a day that is dawningThere is a wound that is healing
There is a season waiting for me
There is a road that is turning
There is a fire still burningA sickness in me
Constant pace towards the end
The need is stronger
This time the need is deeperThere is a peace I am searching
There is a freedom I'm depending on
There is a pain that's never ending
There is a rain falling only on meThere is a dream I am living
There is a life I'm dreaming of
There is a death I'm awaiting
There is a home I am desertingI hold my breath in wait
Only moments remain
Movement for departed hope
Effect for absent friendsSever the faith from my body
Leave me begging for more
Take what I have and deliver me
Into everlasting sleepSoothing trance
Colours fade
And disappear
Ethereal light
Showing me what I can do withoutIn a motionless scene
There is only me
I take what I can
Controlling you to get aheadFading away
And leaving
Long for sleep
Closer now
Lead the way into deathEvery wretched dream
I've left behind
Every waking hour
I lie in waitSucked inside by will
Gone into the flood
All my questions unfurled
As I was put to the testOnce I'm below there's no turning backPlunging into the deepest void

Departed shell left drained behind
Pacing roads unknown
Searching for a new home
Desert in my eye
Barren lands inside
