Never Alone

Vince Gill

You were like a lost kid looking for home You found what you wanted right in my arms If you walk out on me, just leave your memory Just take my sympathy and go I love you so you're never alone If you find another one turns your head And you can't understand why it hurts so bad If you walk out on me, just leave your memory Just take my sympathy and go I love you so you're never alone Ain't no need to talk about it I can learn to live without it Just leave your heart right here with me If you walk out on me, just leave your memory Just take my sympathy and go If you walk out on me, just leave your memory Just take my sympathy and go I love you so you're never alone Girl, you're never alone never alone
