1, 2 Forget About 3

Josh Kelley

You like summer and I like spring
You like to read and I like to think
Together we are made of fire and rain
You shake it all together in a bottle and pray
I said, 1, 2, forget about 3
The only thing that matters is you and me
I said, 1, 2, don't worry about 3
You're never gonna find another liver like me
I say thanks and you say please
I like meat and you like cheese
Together we are made of bears and bees
You shake it all together in a bottle and scream
I said 1, 2, forget about 3
The only thing that matters is you and me
I said 1, 2 don't worry about 3
You're never gonna find another lover like me
I like to drink and you like to smoke
You like to laugh and I like to joke
Together we are travellin' planes and trains
You shake it all together and you go insane
I said 1, 2, forget about 3
The only thing that matters is you and me
I said 1, 2, don't worry about 3
You're never gonna find another lover like me
You like to bake and I like to grill
You wanna talk and I wanna chill
We fit better than a lock and key
Put us in the oven at a hundred degrees
I said 1, 2 forget about 3
The only thing that matters is you and me
I said 1, 2, don't worry about 3
You're never gonna find another lover like me
You like fast and I like slow
You like to tell and I like to show
We're made for one another like a ball and glove
Bases fully loaded with some home-team love
I said 1, 2 forget about 3
The only thing that matters is you and me
I said 1, 2, don't worry about 3

You're never gonna find another lover like me
You're never gonna find another lover like me
You're never gonna find another lover like me
