Wrecking Ball

Smile Empty Soul

This is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving upThis is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving upI'll see you on the next star
I'll meet you at the next part
So bring on the wrecking ballGet ready for some changes
Transitioning of ages
So bring on the wrecking ballThis is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving upThis is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving upGet ready for some changes
Transitioning of ages
So bring on the wrecking ballThis is harder than I thought
Way harder than I thought
What should I do?
What can I do?
I'm giving up
