

# Wrecking Ball

## Smile Empty Soul

This is harder than I thought  
Way harder than I thought  
What should I do?  
What can I do?  
I'm giving up  
This is harder than I thought  
Way harder than I thought  
What should I do?  
What can I do?  
I'm giving up  
I'll see you on the next star  
I'll meet you at the next part  
So bring on the wrecking ball  
Get ready for some changes  
Transitioning of ages  
So bring on the wrecking ball  
This is harder than I thought  
Way harder than I thought  
What should I do?  
What can I do?  
I'm giving up  
This is harder than I thought  
Way harder than I thought  
What should I do?  
What can I do?  
I'm giving up  
Get ready for some changes  
Transitioning of ages  
So bring on the wrecking ball  
This is harder than I thought  
Way harder than I thought  
What should I do?  
What can I do?  
I'm giving up
