Ex-Spectator

Fugazi

looking out for cars and mortality trying to find some sort of geometry
avoiding mistakes keep an eye on every step i take
everything is building and it appears that you're all architects and engineers
that's how it looks that's how it looks from here
i'm an ex-spectator can't you see
i'm an ex-spectator never let me, never let my, never let my vision get in the way of
here's some questions that the writer sent
can an observer be a participant?
have i seen too much?
does it count if it doesn't touch?
if the view is all i can ascertain pure understanding is out of range
if i make that call why can't i make that change?
i'm an ex-spectator can't you see?
i'm an ex-spectator never let my never let my vision get in the way of me
