Let It Rain

4 Strings

Rain on my skin
I feel a gentle summer wind
In your eyes
I can see the deep blue skyLet it rain
Let it color all my skin
Let it rain
Wash away my doubts and painI wanna discover
I don't wanna make believe
Let it rain down on me
Let it rain downLet it rain
Let it rainFeels so divine
Only one thing on my mind
I'm alive
Let the island spirit shineLet it rainLet it rain
Let it color all my skin
Let it rain
Wash away my doubts and painI wanna discover
I don't wanna make believe
Let it rain down on me
Let it rain downLet it rain
Let it color all my skin
Let it rain
